

Pre-cooler with recirculation

TVC (option):
motor removal davit

TVC adiabatic condenser

1. Fan-motor combination
2. Left coil
3. Right coil
4. Pre-cooling pad
5. Adiabatic controller
6. pressure sensor
7. Air sensor
8. Solenoid valve
9. City water flow regulating valve

Only for Pre-cooler with recirculation

10. Electric water level control
11. Pump
12. Pump flow switch
13. Strainer
14. Flow regulating valve pump
15. Ball drain valve
